MISSION STATEMENTS

The North American Versatile Hunting Dog Association (NAVHDA) is a nonprofit corporation whose purpose is to foster, promote, and improve the versatile hunting dog breeds in North America; to conserve game by using well trained reliable hunting dogs before and after the shot; and to aid in the prevention of cruelty to animals by discouraging nonselective and uncontrolled breeding, which produces unwanted and uncared for dogs.

Central Dakota NAVHDA provides a place and positive environment where members can meet to further their goal of owning a fully trained versatile hunting dog.

ABOUT CDC NAVHDA

Central Dakota Chapter NAVHDA welcomes anyone who has a dog they would like to train to hunt, anyone who wants to learn about versatile hunting dogs, or anyone who thinks they may want to get a versatile hunting dog in the future. Our chapter is a great place to meet different versatile breeds and their owners. There's nothing better than seeing a dog in action to help you decide the qualities you desire most in a hunting dog. There is no requirement to run your dog in a test to be a member of the chapter. But it sure is fun, so we hope after you get to know what NAVHDA is about, you will consider it. And even if you don't test your dog, volunteering at events is a great way to watch and learn.

TRAINING OPPORTUNITIES

CDC NAVHDA provides multiple training opportunities throughout the year. From obedience training in the winter to our NA, UT, and UPT preparatory training in the summers, our trainers will help you become the best trainer you can be.

For more information on our training opportunities please visit our website:
centrالدakotanaVhda.org/events

MEMBERSHIP BENEFITS

As a chapter member, you will receive advance notice of special events, priority with winter training or other special training events, and the opportunity to participate in NAVHDA testing events. You will also have access to training grounds, training equipment and network with experienced trainers and mentors.

For more information on how to become a member please visit:

CDC NAVHDA IN THE COMMUNITY

CDC NAVHDA is proud to give back to the community through our outreach efforts. We work with our partners to provide opportunities for youth and the community to learn about versatile dog breeds, conservation efforts, dog training, and more. The North American Versatile Hunting Dog Association (NAVHDA) is a group of like-minded people with one thing in common: we all enjoy the thrill of hunting over a well trained versatile dog.

Are you a hunter interested in training your dog to his or her highest potential?

NAVHDA has over 85 chapters throughout the US and Canada devoted to helping members train their dogs for upland and waterfowl hunting.

Are you looking to purchase a well bred dog from a reputable breeder with proven performance?

NAVHDA's searchable pedigree and test performance databases help members find the dog that's right for them.

Are you a versatile hunting dog breeder interested in getting your puppies into the right hands?

NAVHDA currently has over 8000 active members who are dedicated hunters and trainers.

Are you interested in evaluating your dog and your training program?

NAVHDA sponsors several hundred noncompetitive "tests" each year, where dogs are judged to a set of standards in situations designed to simulate real-world upland and waterfowl hunting scenarios.
